Re: Assessor's Office February Monthly Activity Report

The office support staff has completed the keying of the January sales activity, we have seen an increase in the overall number of sales that have occurred in the township over the last two years, in addition building permits that have been keyed for 2017 show a substantial increase from 2015 and basically no change from the 2016 February Level. The updates that have been generated by our office for 2017 have outpaced the prior two years month / month levels.

The data collection team has been spending a great deal of time in the field due to the weather being so cooperative. Update inspections completed by the team show a significant increase over the prior two years month / month. Building permit inspections by the team for February 2017 show an overall decrease from 2016 this is due to a change in procedure as well as an emphasis of completing our updating of photos as soon as possible. As expected due to the focus on updating photos of the township properties there has been an expected increase in the number pictures updated month / month.

The assessment team members have been spending a significant amount of time working on 2017 assessments as they relate to changes to existing inventory, processing Home Improvement Exemptions, adding and removing Annual Homestead Exemptions, and working on mapping changes as they are received. Once again as we were able to complete the 2016 assessment cycle in a timely manner this has allowed the assessment team to spend additional time on additional projects, and a great deal of time is being spent on the preliminary work for our 2019 General Assessment year.

The McHenry County Board of Review has completed the remainder of the 2016 McHenry County appeals and has delivered the county assessment roll to the County Clerk as of March 7, 2017.

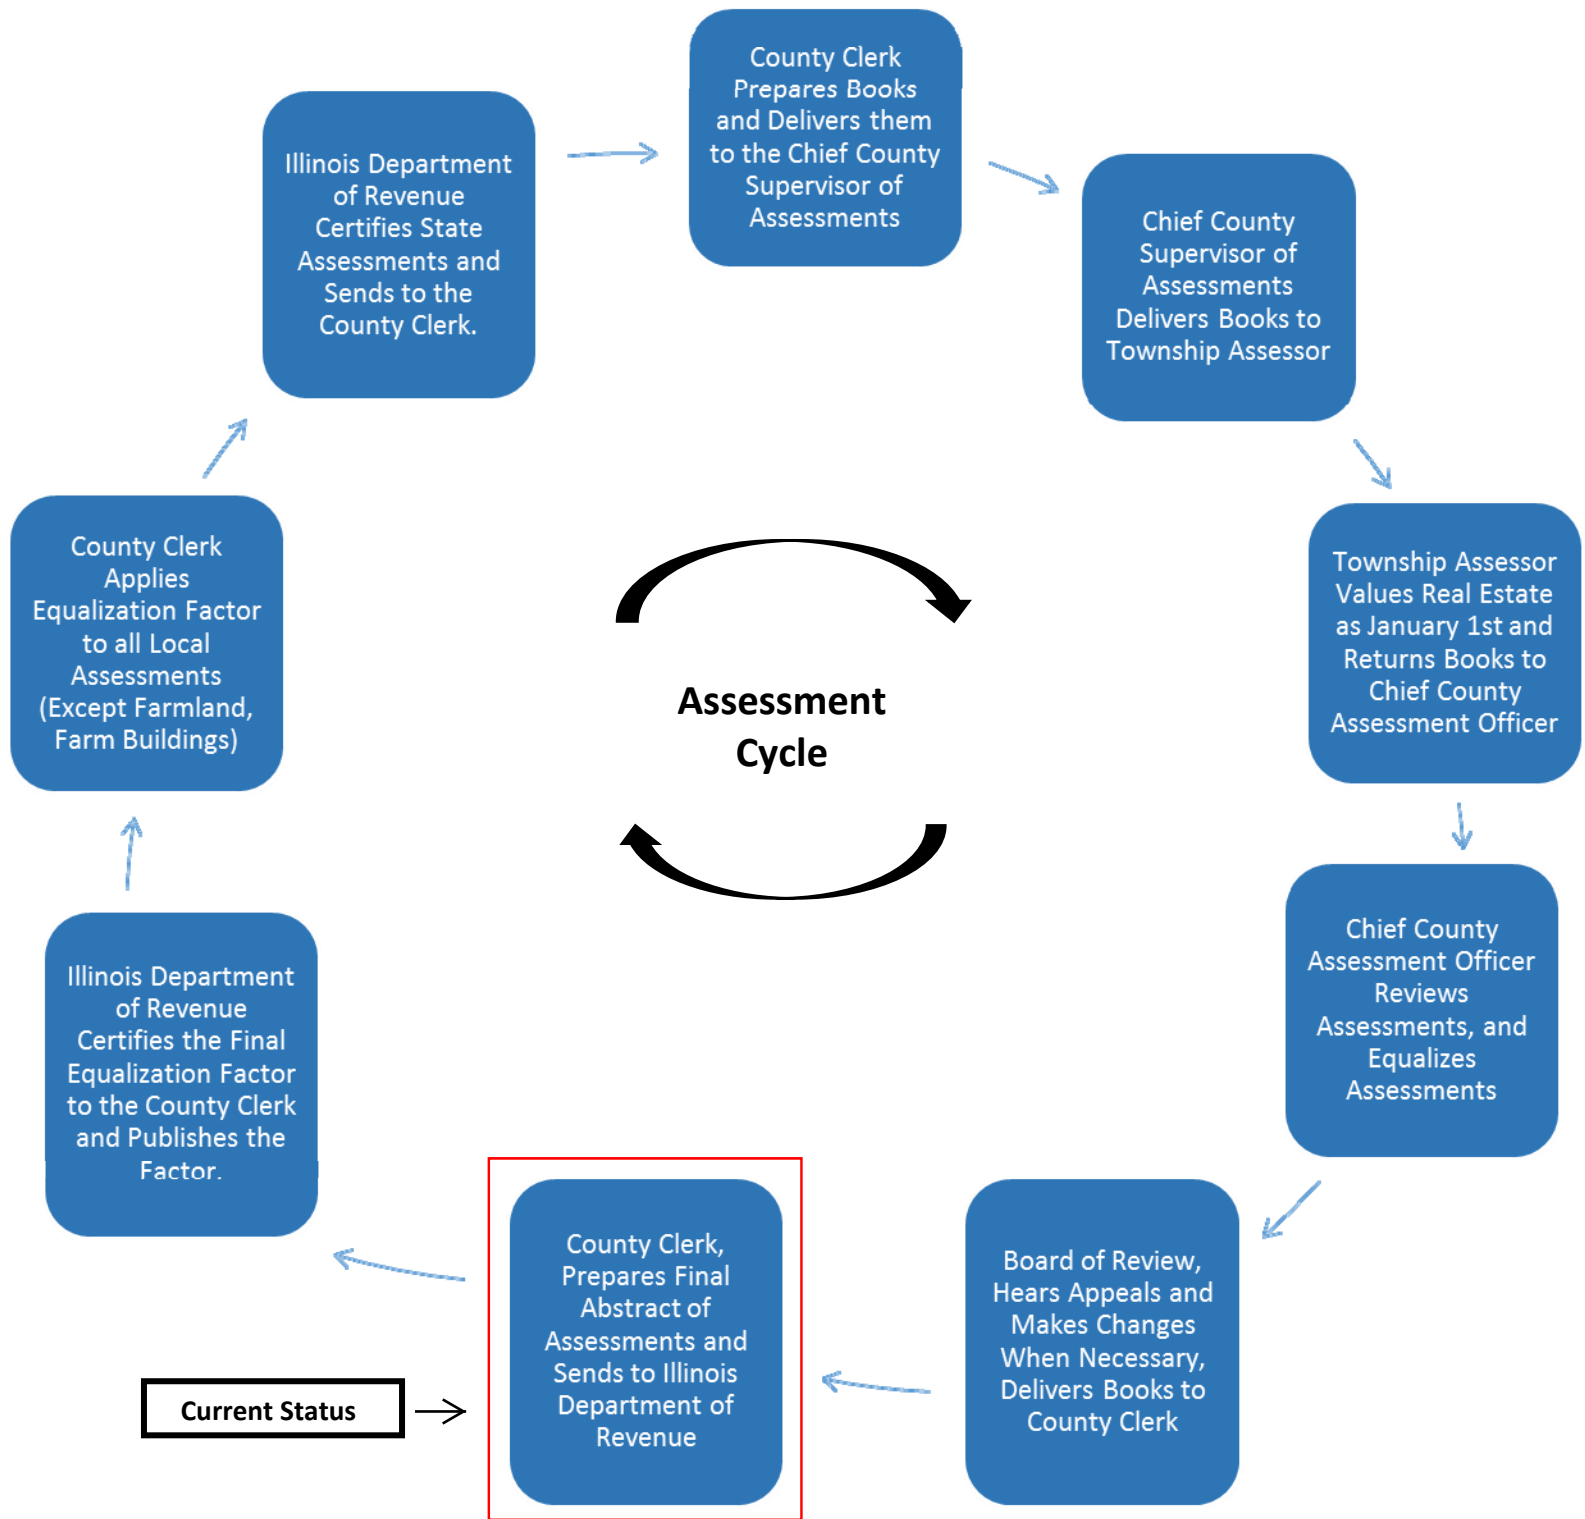

The assessment office continues to move forward towards our goal of turning the assessment roll over to the county by May of 2017.

As always, I am available for any questions or concerns.

Sincerely,

Mark S. Dzemske

Nunda Township Assessor
C.I.A.O. -M

Additional Comments

Please note if you appealed your 2016 assessment with the McHenry County Board of Review the decisions will be mailed March 8, 2017. If you are not in agreement with the decision that was rendered by the board you are given 30 days to appeal the decision, the 30 days is based off of the date on the letter. If you have any questions please feel free to contact our office.

As our office is now preparing the 2017 assessment roll it is a good time for you to start looking at the market activity and assessments for your neighborhood. Have you visited your Nunda Township web site? If not the assessment page has some valuable information, such as property record cards, sales information, exemption information as well as previous monthly meeting reports. If you have any issues finding the information you are looking for, please feel free to visit our office or contact us and a member of the assessment staff will be happy to assist you.

The following pages show a sample property record card from the website as well as a sample page from our sales file that can be viewed on the website. In addition, you are able to go directly from the property record card to the county website where you are able to view and print additional information, such as your tax bill, an image of you parcel from the county GIS system. (A sample of these pages are attached).

It is important to note, your Nunda Township Assessor's office spends a great deal of time, effort and resources collecting data. We are a large repository of information. Some additional users of the information we collect and maintain is utilized by, appraisers, real estate professionals, insurance companies, other governmental bodies, etc.

The collection and verification of data leads to the use of quality data and information when determining assessments across the township, which helps to develop an overall high quality and supportable assessment.
